388-97-0240
Resident decision making.

(1) At the time of admission, or not later than the completion of the initial comprehensive resident assessment, the nursing home must determine if the resident:

   (a) Has appointed another individual to make his or her health care, financial, or other decisions;

   (b) Has created any advance directive or other legal documents that will establish a surrogate decision maker in the future; and

   (c) Is not making his or her own decisions, and identify who has the authority for surrogate decision making, and the scope of the surrogate decision maker's authority.

(2) The nursing home must review the requirements of (1) of this section when the resident's condition warrants the review or when there is a significant change in the resident's condition.

(3) In fulfilling its duty to determine who, if anyone, is authorized to make decisions for the resident, the nursing home must:

   (a) Obtain copies of the legal documents that establish the surrogate decision maker's authority to act; and

   (b) Document in the resident's clinical record:

      (i) The name, address, and telephone number of the individual who has legal authority for substitute decision making;

      (ii) The type of decision making authority such individual has; and

      (iii) Where copies of the legal documents are located at the facility.

(4) In accordance with state law or at the request of the resident, the resident's surrogate decision maker is, in the case of:
(a) A capacitated resident, the individual authorized by the resident to make decisions on the resident's behalf;

(b) A resident adjudicated by a court of law to be incapacitated, the court appointed guardian; and

(c) A resident who has been determined to be incapacitated, but is not adjudicated incapacitated established through:

(i) A legal document, such as a durable power of attorney for health care; or

(ii) Authority for substitute decision making granted by state law, including RCW 7.70.065.

(5) Determination of an individual's incapacity must be a process according to state law not a medical diagnosis only and be based on:

(a) Demonstrated inability in decision making over time that creates a significant risk of personal harm;

(b) A court order; or

(c) The criteria contained in a legal document, such as durable power of attorney for health care.

(6) The nursing home must promote the resident's right to exercise decision making and self-determination to the fullest extent possible, taking into consideration his or her ability to understand and respond. Therefore, the nursing home must presume that the resident is the resident's own decision maker unless:

(a) A court has established a full guardianship of the individual;

(b) The capacitated resident has clearly and voluntarily appointed a surrogate decision maker;

(c) A surrogate is established by a legal document such as a durable power of attorney for health care; or

(d) The facility determines that the resident is an incapacitated individual according to RCW 11.88.010 and (5)(a) of this section.

(7) The nursing home must honor the exercise of the resident's rights by the surrogate decision maker as long as the surrogate acts in accordance with this section and with state and federal law which govern his or her appointment.

(8) If a surrogate decision maker exercises a resident's rights, the nursing home must take
into consideration the resident's ability to understand and respond and must:

(a) Inform the resident that a surrogate decision maker has been consulted;

(b) Provide the resident with the information and opportunity to participate in all decision making to the maximum extent possible; and

(c) Recognize that involvement of a surrogate decision maker does not lessen the nursing home's duty to:

(i) Protect the resident's rights; and

(ii) Comply with state and federal laws.

(9) The nursing home must:

(a) Regularly review any determination of incapacity based on (4)(b) and (c) of this section;

(b) Except for residents with a guardian, cease to rely upon the surrogate decision maker to exercise the resident's rights, if the resident regains capacity, unless so designated by the resident or by court order; and

(c) In the case of a guardian notify the court of jurisdiction in writing if:

(i) The resident regains capacity;

(ii) The guardian is not respecting or promoting the resident's rights;

(iii) The guardianship should be modified; or

(iv) A different guardian needs to be appointed.

Informed consent.

(1) The nursing home must ensure that the informed consent process is followed with:

(a) The resident to the maximum extent possible, taking into consideration his or her ability to understand and respond; and
(b) The surrogate decision maker when the resident is determined to be incapacitated as established through the provision of a legal document such as durable power of attorney for health care, a court proceeding, or as authorized by state law, including RCW 7.70.065. The surrogate decision maker must:

(i) First determine if the resident would consent or refuse the proposed or alternative treatment;

(ii) Discuss determination of consent or refusal with the resident whenever possible; and

(iii) When a determination of the resident's consent or refusal of treatment cannot be made, make the decision in the best interest of the resident.

(2) The informed consent process must include, in words and language that the resident, or if applicable the resident's surrogate decision maker, understands, a description of:

(a) The nature and character of the proposed treatment;

(b) The anticipated results of the proposed treatment;

(c) The recognized possible alternative forms of treatment;

(d) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment and in the recognized possible alternative forms of treatment including nontreatment; and

(e) The right of the resident to choose not to be informed.

(3) To ensure informed consent or refusal by a resident, or if applicable the resident's surrogate decision maker, regarding plan or care options, the nursing home must:

(a) Provide the informed consent process to the resident in a neutral manner and in a language, words, and manner the resident can understand;

(b) Inform the resident of the right to consent to or refuse care and service options at the time of resident assessment and plan of care development (see WAC 388-97-1000 and 388-97-1020 and with condition changes, as necessary to ensure that the resident's wishes are known;

(c) Inform the resident at the time of initial plan of care decisions and periodically of the right to change his or her mind about an earlier consent or refusal decision;

(d) Ensure that evidence of informed consent or refusal is consistent with WAC 388-97-1000 and 388-97-1020; and
Where appropriate, include evidence of resident's choice not to be informed as required in subsections (2) and (3) of this section.

(2) The nursing home must carry out the provisions of this section in accordance with the applicable provisions of WAC 388-97-0240 and 388-97-0260, and with state law.

(3) The nursing home must:

(a) Document in the clinical record whether or not the resident has an advance directive;

(b) Not request or require the resident to have any advance directives and not condition the provision of care or otherwise discriminate against a resident on the basis of whether or not the resident has executed an advance directive;

(c) In a language and words the resident understands, inform the resident in writing and orally at the time of admission, and thereafter as necessary to ensure the resident's right to make informed choices, about:

(ii) Nursing home policies and procedures concerning implementation of advance directives; and

(d) Review and update as needed the resident advance directive information:

(i) At the resident's request;

(ii) When the resident's condition warrants review; and
(iii) When there is a significant change in the resident's condition.

(4) When the nursing home becomes aware that a resident's health care directive is in conflict with facility practices and policies which are consistent with state and federal law, the nursing home must:

(a) Inform the resident of the existence of any nursing home practice or policy which would preclude implementing the health care directive;

(b) Provide the resident with written policies and procedures that explain under what circumstances a resident's health care directive will or will not be implemented by the nursing home;

(c) Meet with the resident to discuss the conflict; and

(d) Determine, in light of the conflicting practice or policy, whether the resident chooses to remain at the nursing home:

(i) If the resident chooses to remain in the nursing home, develop with the resident a plan in accordance with chapter 70.122 RCW to implement the resident's wishes. The nursing home may need to actively participate in ensuring the execution of the plan, including moving the resident at the time of implementation to a care setting that will implement the resident's wishes. Attach the plan to the resident's directive in the resident's clinical record; or

(ii) If, after recognizing the conflict between the resident's wishes and nursing home practice or policy the resident chooses to seek other long-term care services, or another physician who will implement the directive, the nursing home must assist the resident in locating other appropriate services.

(5) If a terminally ill resident, in accordance with state law, wishes to die at home, the nursing home must:

(a) Use the informed consent process as described in WAC 388-97-0260, and explain to the resident the risks associated with discharge; and

(b) Discharge the resident as soon as reasonably possible.

Preadmission screening — Level I.

(1) Preadmission screening (PAS) is a process by which individuals are evaluated:

(a) For the presence of a serious mental illness or a developmental disability, before admission to the nursing facility;

(b) For nursing facility level of care; and

(c) If the individual does have either a serious mental illness or a developmental disability, to determine whether there is a need for specialized services, or services of a lesser intensity.

(2) The referring hospital, physician, or other referral source must:

(a) Perform the identification screen using a standardized department-specified Level I screening form for all individuals seeking admission to a nursing facility unless they:

(i) Are being readmitted to the nursing facility from the hospital; or

(ii) Are being transferred from one nursing facility to another, with or without an intervening hospital stay.
(b) Identify whether the individual may have a serious mental illness or a developmental disability as defined under 42 C.F.R. § 483.102, or successor laws; and

(c) Refer all individuals identified as likely to have a serious mental illness or a developmental disability to the department for a nursing facility level of care assessment and a Level II screening.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-1920, filed 9/24/08, effective 11/1/08.]

388-97-1940
Advanced categorical determinations, not subject to preadmission screening — Level II.

Individuals identified as having symptoms of mental illness or a developmental disability and meeting any of the advanced categorical determinations do not need to be referred for a Level II screening. The determinations include that the individual:

(1) Is admitted to the nursing facility for respite care as defined under WAC 388-97-1880, or convalescent care, following treatment in an acute care hospital, not to exceed thirty days;

(2) Cannot accurately be diagnosed because of delirium. NOTE: The individual would be subject to a Level II screening when the delirium cleared;

(3) Has been certified by a physician to be terminally ill as defined under section 1861 (dd) (3)(A) of the Social Security Act;

(4) Has been diagnosed with a severe physical illness such as coma, ventilator dependence, and is functioning at a brain stem level;

(5) Has a severe level of impairment from diagnoses such as:

(a) Chronic obstructive pulmonary disease;

(b) Parkinson's disease;

(c) Huntington's chorea;

(d) Amyotrophic lateral sclerosis;

(e) Congestive heart failure; or
(6) Has a primary diagnosis of dementia, including Alzheimer’s disease or a related disorder. NOTE: There must be evidence to support this determination.

388-97-1960
Preadmission screening — Level II.

(1) For individuals likely to have a serious mental illness or developmental disability, the department must determine their need for nursing facility level of care. If they meet the nursing facility level of care, the department refers them to the department's designee, either the mental health PASRR contractor or the division of developmental disabilities, for a Level II screening.

(2) In the Level II screening, the department's designee will verify the diagnosis and determine whether the referred individuals need specialized services, or services of a lesser intensity:

(a) "Specialized services" for an individual with mental retardation or related conditions is defined under 42 C.F.R. § 483.120 (a)(2), and 42 C.F.R. § 483.440 (a)(1), or successor laws. These specialized services do not include services to maintain a generally independent individual able to function with little supervision or in the absence of a treatment program; and

(b) "Specialized services" for an individual with a serious mental illness is defined under 42 C.F.R. § 483.120 (a)(1), or successor laws. These services are generally considered acute psychiatric inpatient care, emergency respite care, or stabilization and crisis services.

(3) The need for specialized services, for a nursing facility applicant, will be determined as follows:

(a) If the individual is identified as likely to have a serious mental illness, a qualified mental health professional will verify whether the individual has a serious mental illness and, if so, will recommend whether the individual needs specialized services; and

(b) If the individual is identified as likely to have a developmental disability, a licensed psychologist will verify whether the individual has a developmental disability and, if so, staff of the division of developmental disabilities will assess and determine whether the individual requires specialized services.

Resident review.

After a resident's admission the nursing facility must:

(1) Review the Level I screening form for accuracy and make changes as needed if the resident develops a qualifying diagnosis or if the resident's symptoms were undetected or misdiagnosed;

(2) Refer residents who have qualifying diagnoses and who require further PASRR assessment to the mental health PASRR contractor or division of development disabilities;

(3) Record the identification screen information or subsequent changes on the resident assessment instrument according to the schedule required under 42 C.F.R. § 483.20;

(4) Maintain the identification screen form and PASRR assessment information, including recommendations, in the resident's active clinical record; and

(5) Promptly notify the mental health PASRR contractor or division of developmental disabilities after a significant change in the physical or mental condition of any resident that is mentally ill or mentally retarded.

(a) He or she has continuously resided in a nursing facility since October 1, 1987; and

(b) The department determined, in 1990, that the resident required specialized services for a serious mental illness or developmental disability but did not require nursing facility services.

(2) In the event that residents chose to remain in the nursing facility as outlined in
subsection (1) above, the department, or designee, will clarify the effect on eligibility for medicaid services under the state plan if the resident chooses to leave the facility, including its effect on readmission to the facility.

(3) An individual applying for admission to a nursing facility or a nursing facility resident who has been adversely impacted by a PASRR determination may appeal the department's determination that the individual is:

(a) Not in need of nursing facility care as defined under WAC 388-106-0350 through 388-106-0360;

(b) Not in need of specialized services as defined under WAC 388-97-1960; or

(c) Need for specialized services as defined under WAC 388-97-1960.

(4) The nursing facility must assist the individual applying for admission or resident, as needed, in requesting a hearing to appeal the department's PASRR determination.

(5) If the department's PASRR determination requires that a resident be transferred or discharged, the department will:

(a) Provide the required notice of transfer or discharge to the resident, the resident's surrogate decision maker, and if appropriate, a family member or the resident's representative thirty days or more before the date of transfer or discharge;

(b) Attach a hearing request form to the transfer or discharge notice;

(c) Inform the resident, in writing in a language and manner the resident can understand, that:

   (i) An appeal request may be made any time up to ninety days from the date the resident receives the notice of transfer or discharge;

   (ii) Transfer or discharge will be suspended when an appeal request is received by the office of administrative hearings on or before the date of transfer or discharge set forth in the written transfer or discharge notice; and

   (iii) The resident will be ineligible for medicaid nursing facility payment:

      (A) Thirty days after the receipt of written notice of transfer or discharge; or

      (B) If the resident appeals under subsection (1)(a) of this section, thirty days after the final order is entered upholding the department's decision to transfer or discharge a resident.

(6) The department's home and community services may pay for the resident's nursing facility services after the time specified in subsection (5)(c)(iii) of this section, if the department
determines that a location appropriate to the resident's medical and other needs is not available.

(7) The department will:

(a) Send a copy of the transfer/discharge notice to the resident's attending physician, the nursing facility and, where appropriate, a family member or the resident's representative;

(b) Suspend transfer or discharge:

(i) If the office of administrative hearings receives an appeal on or before the date set for transfer or discharge or before the resident is actually transferred or discharged; and

(ii) Until the office of appeals makes a determination; and

(c) Provide assistance to the resident for relocation necessitated by the department's PASRR determination.

(8) Resident appeals of PASRR determinations will be in accordance with 42 C.F.R. § 431 Subpart E, chapter 388-02 WAC, and the procedures defined in this section. In the event of a conflict between a provision in this chapter and a provision in chapter 388-02 WAC, the provision in this chapter will prevail.

New construction compliance.

The nursing home must ensure that:

1. New construction, as defined in WAC 388-97-2160, complies with all the requirements of subchapter II of this chapter;

2. New construction must maintain compliance with the regulations in effect at the time of initial submission to the department of health, certificate of need and construction review services; except if the previous construction jeopardizes resident health and safety, the department may require compliance with current construction rules;

3. The department of health, certificate of need and construction review programs, are contacted for review and that the programs issue applicable determinations and approvals for all new construction; and

4. Construction is completed in compliance with the final construction review services approved documents. Compliance with these standards and regulations does not relieve the nursing home of the need to comply with applicable state and local building and zoning codes.

5. The department has done a pre-occupancy survey and has notified the nursing home that it may begin admitting residents.
388-97-2080
Fire standards and approval, and other standards.

(1) The licensee or nursing home must, within ten calendar days of notification of the cited deficiencies prepare, sign, date and provide to the department a detailed written plan of correction. Such plan of correction will provide notification to the department of the date by which the nursing home will complete the correction of cited deficiencies. The plan of correction must be completed regardless of whether the licensee requests an informal department review in accordance in WAC 388-97-4420.

(2) A plan of correction is not required for deficiencies at a severity level 1/isolated scope as described in WAC 388-97-4500, unless specifically requested by the department.

(b) The nursing home must submit progress reports and/or updated plans to the department in accordance with a schedule specified by department.

(3) The department, in its sole discretion, may consider other relevant factors when determining what optional remedy or remedies to impose in particular circumstances.

(4) When the department imposes an optional remedy or remedies, the department will select more severe penalties for nursing homes that have deficiency(ies) that are:

(a) Uncorrected upon revisit;

(b) Recurring (repeated);

(c) Pervasive; or

(d) Present a threat to the health, safety, or welfare of the residents.

(5) The department will consider the severity and scope of cited deficiencies in accordance with WAC 388-97-4500 when selecting optional remedy(ies). Such consideration will not limit the department's discretion to impose a remedy for a deficiency at a low level severity and scope.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-4480, filed 9/24/08, effective 11/1/08.]

388-97-4500
Severity and scope of deficiencies.

(1) "Severity of a deficiency" means the seriousness of the deficiency. Factors the department will consider when determining the severity of a deficiency may include, but are not limited to:

(a) Whether harm to the resident has occurred, or could occur, including but not limited to a violation of resident's rights;

(b) The Impact of the actual or potential harm on the resident; and

(c) The degree to which the nursing home failed to meet the resident's highest practicable physical, mental, and psychosocial well-being as defined in WAC 388-97-0001.

(2) Severity levels
(a) **Severity level 4 -- Imminent harm or immediate jeopardy**

Level 4 means that a resident(s)' health or safety is imminently threatened or immediately jeopardized as a result of deficient nursing home practice. This level includes actual harm or potential harm, or both, to resident(s)' health or safety that has had or could have a severe negative outcome or critical impact on resident's well-being, including death or severe injury. Severity Level 4 requires immediate corrective action to protect the health and safety of resident(s).

(b) **Severity level 3 -- Actual harm**

Level 3 means that actual harm has occurred to resident(s) as the result of deficient nursing home practice.

   (i) "**Serious harm**" is harm that results in a negative outcome that significantly compromises the resident(s)' ability to maintain and/or reach the highest practicable physical, mental and psychosocial well-being. Serious harm does not constitute imminent danger/immediate jeopardy (Severity Level 4).

   (ii) "**Moderate harm**" is harm that results in a negative outcome that more than slightly but less than significantly compromises the resident(s)' ability to maintain and/or reach the highest practicable physical, mental and psychosocial well-being.

   (iii) "**Minimal harm**" is harm that results in a negative outcome that to a small degree compromises the resident(s)' ability to maintain and/or reach the highest practicable physical, mental well-being.

(c) **Severity level 2 -- Potential for harm**
Level 2, "potential for harm" means that if the deficient nursing home practice is not corrected, resident(s) may suffer actual harm.

(d) **Severity level 1 -- No harm or minimal impact**

Level 1 means a deficient nursing home practice that does not compromise the resident(s)' ability to maintain or reach, or both, the highest practicable physical, mental and psychosocial well-being. Deficiencies at level 1 are those that have no direct or potential for no more than minimal impact on the resident. Examples include certain structure deficiencies, certain physical environment deficiencies and process deficiencies.

(3) "**Scope of a deficiency**" means the frequency, incidence, or extent of the occurrence of the deficiency.

(4) **Scope categories**

(a) "**Isolated or limited scope**" means a relatively few number of residents have been affected or have the potential to be affected, by the deficient nursing home practice.

(b) "**Moderate or pattern scope**" scope means more than an isolated and less than a widespread number of residents have been affected, or have the potential to be affected by the deficient nursing home practice.

(c) "**Widespread**" or "**systemic scope**" means most or all of the residents are affected or have the potential to be affected, by the deficient nursing home practice.

(5) Determination of scope will be made by the department in its sole discretion. Factors the department will consider may include:

(a) Size of the nursing home;

(b) Size of the sample;

(c) Number and location of affected residents;

(d) Whether the deficiency applies to all or a subset of the residents;

(e) Other factors relevant to the particular circumstances.
388-97-4520
Separate deficiencies — Separate remedies.

(1) Each deficiency cited by the department for noncompliance with a statute or regulation is a separate deficiency subject to the assessment of a separate remedy.

(2) Each day upon which the same deficiency occurs is a separate deficiency subject to the assessment of a separate remedy.

388-97-4540
Stop placement.

(1) The department must impose a stop placement order when required by RCW 18.51.060(5) and WAC 388-97-4460(1) and may impose a stop placement order as an optional remedy in accordance with WAC 388-97-4480. The department's stop placement order becomes effective upon verbal or written notice.

(2) The nursing home has the right to an informal department review to refute the federal or state deficiencies, or both, cited as the basis for the stop placement and must request such review in accordance with WAC 388-97-4420(3).

(3) The department will not delay or suspend a stop placement order because the nursing home requests an administrative hearing or informal department review.

(4) The stop placement order must remain in effect until:

(a) The department terminates the stop placement order; or

(b) The stop placement order is terminated by a final agency order following appeal conducted in accordance with chapter 34.05 RCW.

(5) The department must terminate the stop placement when:
(a) The nursing home states in writing that the deficiencies necessitating the stop placement action have been corrected; and

(b) Within fifteen working days of the nursing home's notification, department staff confirm by on-site revisit of the nursing home that:

(i) The deficiencies that necessitated the stop placement action have been corrected; and

(ii) The nursing home exhibits the capacity to maintain adequate care and services and correction of deficiencies.

(6) After lifting the stop placement, the department may continue to perform on site monitoring to verify that the nursing home has maintained correction of deficiencies.

(7) While a stop placement order is in effect, the department may approve a readmission to the nursing home from the hospital in accordance with RCW 18.51.060 (5)(b) and department guidelines for readmission decisions.

Amount of civil fine.

(1) Except as otherwise provided in statute, the range for a:

(a) Per day civil fine is fifty dollars to three thousand dollars; and

(b) Per instance civil fine is one thousand to three thousand dollars.

(2) In the event of continued noncompliance, nothing in this section must prevent the department from increasing a civil fine up to the maximum amount allowed by law.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-4560, filed 9/24/08, effective 11/1/08.]
Civil fine accrual and due dates and interest.

(1) Accrual of a per day civil fine begins on the first date the department verifies that the nursing home has or had a specific deficiency. Accrual of the per day civil fine will end on the date the department determines the nursing home corrected the deficiency.

(2) A per instance fine may be assessed for a deficiency, regardless of whether or not the deficiency had been corrected by the time the department first identified it.

(3) Civil fine(s) are due twenty days after the nursing home is notified of the civil fine(s) if the nursing home does not request a hearing.

(4) If the nursing home requests a hearing, the civil fine(s) including interest, if any, is due twenty days after:

(a) A hearing decision ordering payment of the fine(s) becomes final in accordance with chapter 388-02 WAC;

(b) The appeal is withdrawn;

(c) A settlement agreement and order of dismissal is entered, unless otherwise specified in the agreement; or

(d) An order of dismissal is entered.

(5) Interest on the civil fine(s) begins to accrue at a rate of one percent per month, thirty days after the nursing home is notified of the fine, unless a settlement agreement includes other provisions for payment of interest. If the amount of the civil fine is reduced following an appeal, interest on the reduced civil fine(s) accrues from thirty days after the nursing home was notified of the original civil fine(s).

(6) When a nursing home fails to pay a civil fine when due under this chapter, the department may:

(a) Withhold an amount equal to the fine plus interest, if any, from the nursing home's medicaid payment;

(b) Impose an additional fine; or

(c) Suspend the nursing home license under WAC 388-97-570(1). Such license suspension must continue until the fine is paid.
388-97-4600
Civil penalty fund.

(1) The department must deposit civil penalties collected under chapter 18.51 or 74.42 RCW into a special fund administered by the department to be applied to the protection of the health or property of residents of nursing homes found to be deficient.

(2) The funds must be administered by the department according to department procedures. Uses of the fund include, but are not limited to:

(a) Payment for the costs of relocation of residents to other facilities;

(b) Payment to maintain operation of a nursing home pending correction of deficiencies or closure; and

(c) Reimbursement of residents for personal funds or property lost when the resident's personal funds or property cannot be recovered from the nursing home or third party insurer.

(b) Department concurs with the temporary manager's determination that relocation is necessary.

(3) The department's authority to order temporary management is discretionary in all cases.

388-97-4640
Receivership.

(1) Receivership is authorized under RCW 18.51.400 through 18.51.520 and the following regulations.

(2) After receivership is established, the department may recommend to the court that all residents be relocated and the nursing home closed when:

(a) Problems exist in the physical condition of the premises which cannot be corrected in an economically prudent manner; or

(b) The department determines the former licensee or owner:

(i) Is unwilling or unable to manage the nursing home in a manner ensuring residents' health, safety, and welfare; and

(ii) Has not entered into an enforceable agreement to sell the nursing home within three months of the court's decision to grant receivership.

Purpose.

The purpose of this chapter is to provide for the development, establishment, and enforcement of standards for the maintenance and operation of nursing homes, which, in the light of advancing knowledge, will promote safe and adequate care and treatment of the individuals therein. An important secondary purpose is the improvement of nursing home practices by
educational methods so that such practices eventually exceed the minimum requirements of the basic law and its original standards.

[1951 c 117 § 1.]

18.51.007
Legislative intent.

It is the intent of the legislature in enacting chapter 99, Laws of 1975 1st ex. sess. to establish (1) a system for the imposition of prompt and effective sanctions against nursing homes in violation of the laws and regulations of this state relating to patient care; (2) an inspection and reporting system to insure that nursing homes are in compliance with state statutes and regulations pertaining to patient care; and (3) a mechanism to insure that licenses are issued to or retained by only those nursing homes that meet state standards for resident health and safety.

Convalescent and chronic care may include but not be limited to any or all procedures commonly employed in waiting on the sick, such as administration of medicines, preparation of special diets, giving of bedside nursing care, application of dressings and bandages, and carrying out of treatment prescribed by a duly licensed practitioner of the healing arts. It may also include care of mentally incompetent persons. It may also include community-based care. Nothing in this definition shall be construed to include general hospitals or other places which provide care and treatment for the acutely ill and maintain and operate facilities for major surgery or obstetrics, or both. [1953 c 160 § 3; 1951 c 117 § 5.]

(a) Operated a nursing home without a license or under a revoked or suspended license; or

(b) Knowingly or with reason to know made a false statement of a material fact in his application for license or any data attached thereto, or in any matter under investigation by the department; or

(b) The department finds on three consecutive standard surveys that the nursing home provided substandard quality of care; in such case, the department shall deny payment for new admissions until the facility has demonstrated to the satisfaction of the department that it is in compliance with Medicaid requirements and that it will remain in compliance with such

(A) Jeopardize the health and safety of the residents, or

(B) Seriously limit the nursing home's capacity to provide adequate care.

(b) When the department has ordered a stop placement, the department may approve a readmission to the nursing home from a hospital when the department determines the readmission would be in the best interest of the individual seeking readmission.

(7) If the department determines that the health or safety of residents is immediately jeopardized as a result of a nursing home's failure or refusal to comply with requirements of this chapter or, in the case of a medicaid contractor, its failure or refusal to comply with medicaid requirements of Title XIX of the social security act, as amended, and rules adopted thereunder, the department may appoint temporary management to:

(a) Oversee the operation of the facility; and

(b) Ensure the health and safety of the facilities residents while:

(i) Orderly closure of the facility occurs; or

(ii) The deficiencies necessitating temporary management are corrected.

(8) The department shall by rule specify criteria as to when and how the sanctions specified in this section shall be applied. Such criteria shall provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of the residents.

Contact with animals — Rules.

(1) A nursing home licensee shall give each patient a reasonable opportunity to have regular
contact with animals. The licensee may permit appropriate animals to live in the facilities and may permit appropriate animals to visit if the animals are properly supervised.

Notes:

**Intent -- 1984 c 127:** "The legislature finds that the senior citizens of this state, particularly those living in low-income public housing or in nursing homes, often lead lonely and harsh lives. The legislature recognizes that the warmth and companionship provided by pets can significantly improve the quality of senior citizens' lives. This legislation is intended to insure that senior citizens and persons in nursing homes will not be deprived of access to pets." [1984 c 127 § 1.]

18.51.350
Conflict with federal requirements.

If any part of this chapter is found to conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this chapter is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this chapter.

[1981 2nd ex.s. c 11 § 1.]

18.51.400
Receivership — Legislative findings.

The legislature finds that the closure of a nursing home can have devastating effects on residents and, under certain circumstances, courts should consider placing nursing homes in receivership. As receivership has long existed as a remedy to preserve assets subject to litigation and to reorganize troubled affairs, the legislature finds that receivership is to be used to correct problems associated with either the disregard of residents' health, safety, or welfare or with the possible closure of the nursing home for any reason.

[1987 c 476 § 9.]
18.51.410  
Receivership — Petition to establish — Grounds.

A petition to establish a receivership shall allege that one or more of the following conditions exist and that the current operator has demonstrated an inability or unwillingness to take actions necessary to immediately correct the conditions alleged:

(1) The facility is operating without a license;

(2) The facility has not given the department prior written notice of its intent to close and has not made arrangements within thirty days before closure for the orderly transfer of its residents: PROVIDED, That if the facility has given the department prior written notice but the department has not acted with all deliberate speed to transfer the facility’s residents, this shall bar the filing of a petition under this subsection;

(3) The health, safety, or welfare of the facility’s residents is immediately jeopardized;

(4) The facility demonstrates a pattern and practice of violating chapter 18.51 or 74.42 RCW and rules adopted thereunder such that the facility has demonstrated a repeated inability to maintain minimum patient care standards; or

(5) The facility demonstrates a pattern or practice of violating a condition level as defined by the federal government under the authority of Title XIX of the social security act.

The department may file a petition in the superior court in the county in which the nursing home is located or in the superior court of Thurston county. The current or former operator or licensee and the owner of the nursing home, if different than the operator or licensee, shall be made a party to the action. The court shall grant the petition if it finds, by a preponderance of the evidence, that one or more of the conditions listed in subsections (1) through (5) of this section exists and, subject to RCW 18.51.420, that the current operator is unable or unwilling to take actions necessary to immediately correct the conditions.

[1989 c 372 § 10; 1987 c 476 § 10.]

18.51.420  
Receivership — Defenses to petition.

It shall be a defense to the petition to establish a receivership that the conditions alleged do not in fact exist. It shall not be a defense to the petition to allege that the respondent did not possess knowledge of the alleged condition or could not have been reasonably expected to know about
the alleged condition. In a petition that alleges that the health, safety, or welfare of the residents of the facility is at issue, it shall not be a defense to the petition that the respondent had not been afforded a reasonable opportunity to correct the alleged condition.

[1987 c 476 § 11.]

18.51.430

Receivership — Persons qualified to act as receiver.

A petition for receivership shall include the name of the candidate for receiver. The department shall maintain a list of qualified persons to act as receivers, however, no person may be considered to be qualified to be a receiver who:

1. Is the owner, licensee, or administrator of the facility;

2. Is affiliated with the facility;

3. Has a financial interest in the facility at the time the receiver is appointed; or

4. Has owned or operated a nursing home that has been ordered into receivership.

If a receiver is appointed, he or she may be drawn from the list but need not be, but an appointee shall have experience in providing long-term health care and a history of satisfactory operation of a nursing home. Preference may be granted to persons expressing an interest in permanent operation of the facility.

[1989 c 372 § 3; 1987 c 476 § 12.]

18.51.440

Receivership — Judicial hearing.

Upon receipt of a petition for receivership, the court shall hear the matter within fourteen days. Temporary relief may be obtained under chapter 7.40 RCW and other applicable laws. In all actions arising under RCW 18.51.410 through 18.51.530, the posting of a certified copy of the summons and petition in a conspicuous place in the nursing home shall constitute service of those documents upon the respondent.

[1989 c 372 § 11; 1987 c 476 § 13.]
18.51.450
Receivership — Appointment of receiver.

Upon agreement of the candidate for receiver to the terms of the receivership and any special instructions of the court, the court may appoint that person as receiver of the nursing home if the court determines it is likely that a permanent operator will be found or conditions will be corrected without undue risk of harm to the patients. Appointment of a receiver may be in lieu of or in addition to temporary removal of some or all of the patients in the interests of their health, security, or welfare. A receiver shall be appointed for a term not to exceed six months, but a term may be extended for good cause shown.

[1987 c 476 § 14.]

18.51.460
Receivership — Termination — Conditions.

(1) The receivership shall terminate:

(a) When all deficiencies have been eliminated and the court determines that the facility has the management capability to ensure continued compliance with all requirements; or

(b) When all residents have been transferred and the facility closed.

(2) Upon the termination of a receivership, the court may impose conditions to assure the continued compliance with chapters 18.51 and 74.42 RCW, and, in the case of medicaid contractors, continued compliance with Title XIX of the social security act, as amended, and regulations promulgated thereunder.

[1989 c 372 § 12; 1987 c 476 § 15.]

18.51.470
Receivership — Accounting of acts and expenditures by receiver.

The receiver shall render to the court an accounting of acts performed and expenditures made during the receivership. Nothing in this section relieves a court-appointed receiver from the responsibility of making all reports and certifications to the department required by law and regulation relating to the receiver’s operation of the nursing home, the care of its residents, and participation in the medicaid program, if any.
18.51.480  
Receivership — Compensation, liability — Revision of medicaid reimbursement rate.

If a receiver is appointed, the court shall set reasonable compensation for the receiver to be paid from operating revenues of the nursing home. The receiver shall be liable in his or her personal capacity only for negligent acts, intentional acts, or a breach of a fiduciary duty to either the residents of the facility or the current or former licensee or owner of the facility.

The department may revise the nursing home's medicaid reimbursement rate, consistent with reimbursement principles in chapter 74.46 RCW and rules adopted under that chapter, if revision is necessary to cover the receiver's compensation and other reasonable costs associated with the receivership and transition of control. Rate revision may also be granted if necessary to cover start-up costs and costs of repairs, replacements, and additional staff needed for patient health, security, or welfare. The property return on investment components of the medicaid rate shall be established for the receiver consistent with reimbursement principles in chapter 74.46 RCW. The department may also expedite the issuance of necessary licenses, contracts, and certifications, temporary or otherwise, necessary to carry out the purposes of receivership.

[1987 c 476 § 17.]

18.51.490  
Receivership — Powers of receiver.

Upon appointment of a receiver, the current or former licensee or operator and managing agent, if any, shall be divested of possession and control of the nursing home in favor of the receiver who shall have full responsibility and authority to continue operation of the home and the care of the residents. The receiver may perform all acts reasonably necessary to carry out the purposes of receivership, including, but not limited to:

(1) Protecting the health, security, and welfare of the residents;

(2) Remedying violations of state and federal law and regulations governing the operation of the home;

(3) Hiring, directing, managing, and discharging all consultants and employees for just cause; discharging the administrator of the nursing home; recognizing collective bargaining agreements;
agreements; and settling labor disputes;

(4) Receiving and expending in a prudent manner all revenues and financial resources of the home; and

(5) Making all repairs and replacements needed for patient health, security, and welfare: PROVIDED, That expenditures for repairs or replacements in excess of five thousand dollars shall require approval of the court which shall expedite approval or disapproval for such expenditure.

Upon order of the court, a receiver may not be required to honor leases, mortgages, secured transactions, or contracts if the rent, price, or rate of interest was not a reasonable rent, price, or rate of interest at the time the contract was entered into or if a material provision of the contract is unreasonable.

[1987 c 476 § 18.]

18.51.500
Receivership — Financial assistance — Use of revenues and proceeds of facility.

Upon order of the court, the department shall provide emergency or transitional financial assistance to a receiver not to exceed thirty thousand dollars. The receiver shall file with the court an accounting for any money expended. Any emergency or transitional expenditure made by the department on behalf of a nursing home not certified to participate in the Medicaid Title XIX program shall be recovered from revenue generated by the facility which revenue is not obligated to the operation of the facility. An action to recover such sums may be filed by the department against the former licensee or owner at the time the expenditure is made, regardless of whether the facility is certified to participate in the Medicaid Title XIX program or not.

In lieu of filing an action, the department may file a lien on the facility or on the proceeds of the sale of the facility. Such a lien shall take priority over all other liens except for liens for wages to employees. The owner of the facility shall be entitled to the proceeds of the facility or the sale of the facility to the extent that these exceed the liabilities of the facility, including liabilities to the state, receiver, employees, and contractors, at the termination of the receivership.

Revenues relating to services provided by the current or former licensee, operator, or owner and available operating funds belonging to such licensee, operator, or owner shall be under the control of the receiver. The receiver shall consult the court in cases of extraordinary or questionable debts incurred prior to his or her appointment and shall not have the power to close the home or sell any assets of the home without prior court approval.
Priority shall be given to debts and expenditures directly related to providing care and meeting the needs of patients. Any payment made to the receiver shall discharge the obligation of the payor to the owner of the facility.

[1989 c 372 § 4; 1987 c 476 § 19.]

18.51.510
Receivership — State medical assistance.

If the nursing home is providing care to recipients of state medical assistance, the receiver shall become the medicaid contractor for the duration of the receivership period and shall assume all reporting and other responsibilities required by applicable laws and regulations. The receiver shall be responsible for the refund of medicaid rate payments in excess of costs during the period of the receivership.

[1987 c 476 § 20.]

18.51.520
Receivership — Foreclosures and seizures not allowed.

No seizure, foreclosure, or interference with nursing home revenues, supplies, real property, improvements, or equipment may be allowed for the duration of the receivership without prior court approval.

[1987 c 476 § 21.]

18.51.530
Notice of change of ownership or management.

At least sixty days before the effective date of any change of ownership, change of operating entity, or change of management of a nursing home, the current operating entity shall notify separately and in writing, each resident of the home or the resident’s guardian of the proposed change. The notice shall include the identity of the proposed new owner, operating entity, or managing entity and the names, addresses, and telephone numbers of departmental personnel to whom comments regarding the change may be directed. If the proposed new owner, operating entity, or managing entity is a corporation, the notice shall include the names of all
officers and the registered agent in the state of Washington. If the proposed new owner, operating entity, or managing entity is a partnership, the notice shall include the names of all general partners. This section shall apply regardless of whether the current operating entity holds a medicaid provider contract with the department and whether the operating entity intends to enter such a contract.

[1987 c 476 § 22.]

18.51.540
Cost disclosure to attending physicians.

(1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making nursing home facilities and care providers more aware of the cost consequences of care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the nursing home to inform physicians, consumers, and other care providers of the charges of the services that they order may have a positive effect on containing health costs.

(2) All nursing home administrators in facilities licensed under this chapter shall be required to develop and maintain a written procedure for disclosing patient charges to attending physicians with admitting privileges. The nursing home administrator shall have the capability to provide an itemized list of the charges for all health care services that may be ordered by a physician. The information shall be made available on request of consumers, or the physicians or other appropriate health care providers responsible for prescribing care.

**Construction — Chapter applicable to state registered domestic partnerships — 2009 c 521.**

For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships.

(b) To deny or delay admission or readmission of a person to a nursing home because of his or her status as a medicaid recipient;

(6) Because it is of great public importance to protect senior citizens who need medicaid services from discriminatory treatment in obtaining long-term health care, any violation of this section shall be construed for purposes of the application of the consumer protection act, chapter 19.86 RCW, to constitute an unfair or deceptive act or practice or unfair method of competition in the conduct of trade or commerce.
(7) It is not an act of discrimination under this chapter to refuse to admit a patient if admitting that patient would prevent the needs of the other patients residing in that facility from being met at that facility, or if the facility's refusal is consistent with subsection (4) of this section.
